## LawMateUK

LawMate UK are the market leading British distributors of advanced covert surveillance technology, providing law enforcement grade, high-definition video and audio recording solutions to a number of security industries.

For over 25 years, the LawMate brand has been providing equipment for true surveillance and security professionals. Their product portfolio includes a wide range of discreet cameras, digital video recorders and counter surveillance equipment.

High-definition footage is easily obtained from a variety of everyday objects such as the new HD coffee cup camera, covert button camera and key fob video recorders. LawMate UK's innovative product range is trusted by the government and law enforcement agencies nationwide including police forces, both domestic and overseas, the Home Office, private investigators, and the Association of British Investigators (ABI).
